

Show case technologies of ICAR-NRCSS Ajmer in International Treaty on Plant Genetic Resources for Food and Agriculture (ITPGRFA) 9Th Governing Body meeting in New Delhi

ICAR-National Research Centre on Seed Spices Ajmer, Rajasthan (India) participated in International Treaty on Plant Genetic Resources for Food and Agriculture (ITPGRFA) 9Th Governing Body meeting in New Delhi from 19th – 24th September, 2022. This programme was attended by 147 member countries of International Treaty. During the conference, an exhibition on Plant Genetic Resources of India was also proposed as side event. In the exhibition, the indigenous plant genetic resources were displayed showcasing our national heritage of agro-biodiversity and farmer's traditional skill in conserving these. The ICAR-NRCSS, Ajmer displayed its released and Gazette notified varieties of seed spices along with unique germplasm of all seed spices crops. This programme was inaugurated by honorable Sh. Narendra Singh Tomar, Minister of Agriculture & Farmers Welfare. After inauguration honorable minister visited all exhibitions and other dignitaries of different countries.
